I need to delete the images loaded and reload them in the proper place. Do you know how to delete them once uploaded?

I apologize Katrina. Please let me know which of the attached images you would like to be featured at the banner? I will be glad to resize to the appropriate specifications (Banner: 675x250) and refrain from cropping/editing image. --Joan

I looked at the CEF and the banner figure has been changed. This should not have been removed. Please put it back.

thanks
